

Safety Data Sheet

1.1. Product identifier

Propane

2.1. Classification of the substance or mixture

Flammable gases, Category 1

Gases under pressure: Liquefied gas

2.2. Label elements

Signal word

Danger

Symbols

Hazard statements

Contains gas under pressure; may explode if heated. Extremely flammable gas. May displace oxygen and cause rapid suffocation. May cause frostbite. May form explosive mixtures with air.

Precautionary statements

General:

In case of leakage, eliminate all ignition sources. Leaking gas fire: Do not extinguish unless leak can be stopped safely. Dispose of contents/container in accordance with local/regional/national/international regulations. Do not handle until all safety precautions have been read and understood. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. IF exposed or concerned: Get medical advice/attention. Use a back flow preventive device in the piping. Close valve after each use and when empty. Use only with equipment rated for cylinder pressure. Approach suspected leak area with caution. Open valve slowly.

Response:

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Wear protective gloves/protective clothing/eye protection/face protection. Use only outdoors or in a well-ventilated area. IF INHALED: Remove person to fresh air and keep comfortable for breathing. IF ON SKIN: Thaw frosted parts with lukewarm water. Do not rub affected area, Get immediate medical advice/attention. Protect from sunlight when ambient temperature exceeds 52 °C/125 °F

Storage:

Store in a well-ventilated place.

3.1. Personal protective equipment (PPE)

Eye/face protection

Wear safety glasses with side shields

Skin/hand/body protection

Wear working gloves when handling gas containers. Wear suitable protective clothing, e.g. lab coats, coveralls or flame-resistant clothing.

Respiratory protection

None necessary during routine operations.
