Safety Data Sheet

1.1. Product identifier

Shell V-power Gasoline

2.1. Classification of the substance or mixture

Flammable liquids: Category 1

Skin irritation: Category 2

Aspiration hazard: Category 1

Reproductive toxicity: Category 2

Germ cell mutagenicity: Category 1B

Carcinogenicity: Category 1B

Specific target organ toxicity - single exposure (Inhalation): Category 3 (Narcotic Effects)

Long-term (chronic) aquatic hazard: Category 2

2.2. Label elements

Signal word

Danger

Symbols

Hazard statements

Extremely flammable liquid and vapour.

HEALTH HAZARDS:

Causes skin irritation. May be fatal if swallowed and enters airways. Suspected of damaging fertility. Suspected of damaging the unborn child.

May cause genetic defects. May cause cancer. May cause drowsiness or dizziness.

ENVIRONMENTAL HAZARDS:

Toxic to aquatic life with long lasting effects.

Precautionary statements

General:

Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Keep container tightly closed. Ground and bond container and receiving equipment. Use explosion-proof electrical/ ventilating/ lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Do not breathe dust/ fume/ gas/ mist/ vapours/ spray. Wash skin thoroughly after handling. Use only outdoors or in a well-ventilated area. Avoid release to the environment. Wear protective gloves/ eye protection/ face protection.

Response:

IF SWALLOWED: Immediately call a POISON CENTER/doctor. IF ON SKIN: Wash with plenty of water and soap. Take off immediately all

contaminated clothing. Rinse skin with water/ shower. IF INHALED: Remove person to fresh air and keep comfortable for breathing. IF

INGESTED: Call a POISON CENTER/doctor. Do NOT induce vomiting.

Storage:

Store in a well-ventilated place. Keep container tightly closed. Store locked up.

3.1. Personal protective equipment (PPE)

Eye/face protection

Wear goggles for use against liquids and gas. If no splash risk, chemical splash goggles may not be required and safety glasses may provide adequate eye protection.

Skin/hand/body protection

Wear chemical resistant gloves and boots.

Respiratory protection

If engineering controls do not maintain airborne concentrations to a level which is adequate to protect worker health, select respiratory protection equipment suitable for the specific conditions of use and meeting relevant legislation. Check with respiratory protective equipment suppliers.

Where air-filtering respirators are suitable, select an appropriate combination of mask and filter.
