

Safety Data Sheet

1.1. Product identifier

Weller Premium Butane Fuel

2.1. Classification of the substance or mixture

Simple Asphyxiation

Flammable Gas: Category 1

Pressurized Gas, Liquid

2.2. Label elements

Signal word

Danger

Symbols

Hazard statements

Extremely flammable gas. Contains gas under pressure; may explode if heated. May displace oxygen and cause rapid suffocation.

Precautionary statements

General:

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Leaking gas fire: Do not extinguish, unless leak can be stopped safely. In case of leakage, eliminate all ignition sources. Store in a well-ventilated place.

Response:

IF INHALED: Move to fresh air. Obtain medical attention if breathing difficulty persists. IF INGESTED: Rinse mouth. Do NOT induce vomiting. Obtain medical attention. SKIN CONTACT: Remove contaminated clothing. Drench affected area with water for at least 15 minutes. Obtain medical attention if irritation develops or persists. Thaw frosted parts with lukewarm water. Do not rub affected area. Get immediate medical advice/attention. EYE CONTACT: Rinse cautiously with water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Obtain medical attention.

Storage:

Protect from sunlight. Store in a well-ventilated place

3.1. Personal protective equipment (PPE)

Eye/face protection

Chemical safety goggles.

Skin/hand/body protection

Wear protective gloves. If material is cold, wear thermally resistant protective gloves. Wear suitable protective clothing. Wear thermally resistant protective clothing when necessary.

Respiratory protection

Use a NIOSH-approved self-contained breathing apparatus whenever exposure may exceed established Occupational Exposure Limits.
